

FUNDING TO EXPLORE NEW DELIVERY MODELS

YOUR JOURNEY...

1. INTRODUCTION TO THE PROGRAMME

We'll start with a conversation about your objectives and eligibility for MSP2.

2. EXPRESSION OF INTEREST

Together, we'll review where you are now, and where you aspire to be.

Next, complete a short application form. We can help you with this. It will be reviewed by DCMS, who will let you know the outcome.

3. ASSESSMENT

Now for more detail. Talk to us about your organisation, your needs and what you want to achieve. We will assess the viability of your idea to move to a new delivery model and will recommend to DCMS whether you should be supported.

4.

SUPPORT PLAN

We will help you draw up a detailed plan of how we will support you and what your journey will be to implement your new model.

WORK BEGINS!

5.

Whether we're helping you with an options appraisal to find your best model of delivery, an engagement plan or a business case to help you grow, this is the point at which the project is signed off and we're ready to go!

We know you're already thinking about how to improve your public service delivery.

Moving to a new delivery model, such as a Mutual, may be for you if you're working in the public sector and have a vision to do things differently. Perhaps...

- You've identified a gap in service provision
- You can see how your service could be run more effectively, with better outcomes for users
- You would like to improve productivity and efficiency, but cut bureaucracy
- You would like more control and autonomy in delivering your service

If you want hear more about the funding available, email saimah.heron@baxendale.co.uk

This round of funding ceases on 22nd February 2019
